AGENDA

1. **Do Now:** Day 7

2. **Lesson:** Clipping Mask

3. **Studio Time:** Day 7

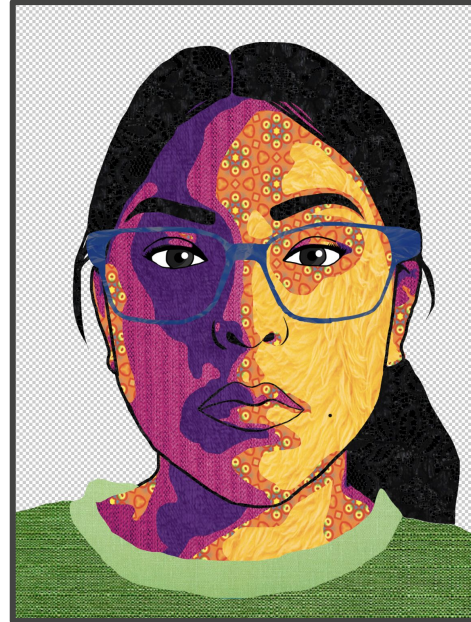

4. **Submit**

OBJECTIVE (I will be able to...)

IWBAT apply textiles to my details by clip masking an image to each layer (clothing, hair, accessories etc.)

Yo podré aplicar textiles a mis detalles enmascarando una imagen en cada capa (ropa, cabello, accesorios, etc.)

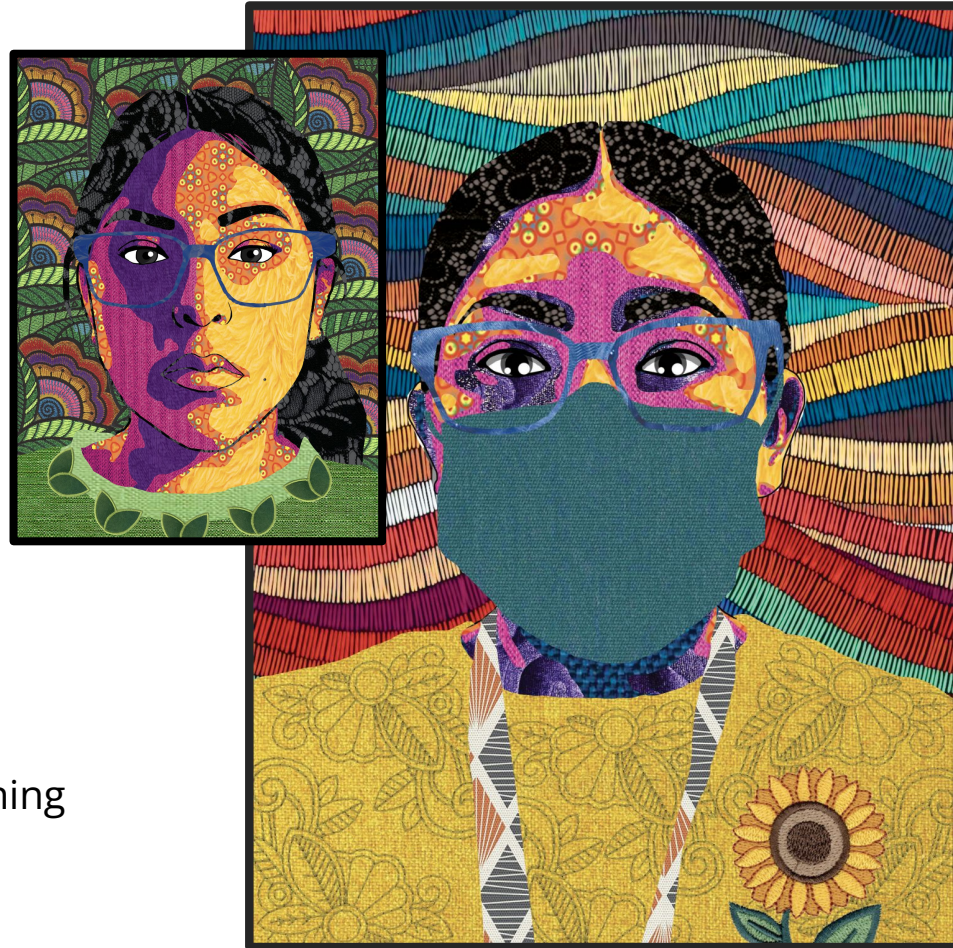

IWBAT finish applying textiles to my self portrait by using the correct clip masking technique.
Yo podré terminar de aplicar textiles a mi autorretrato utilizando la técnica máscara de recorte correctamente.

Ps

Criteria for Success

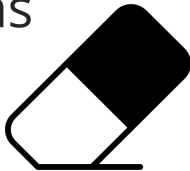

Your self portrait includes:

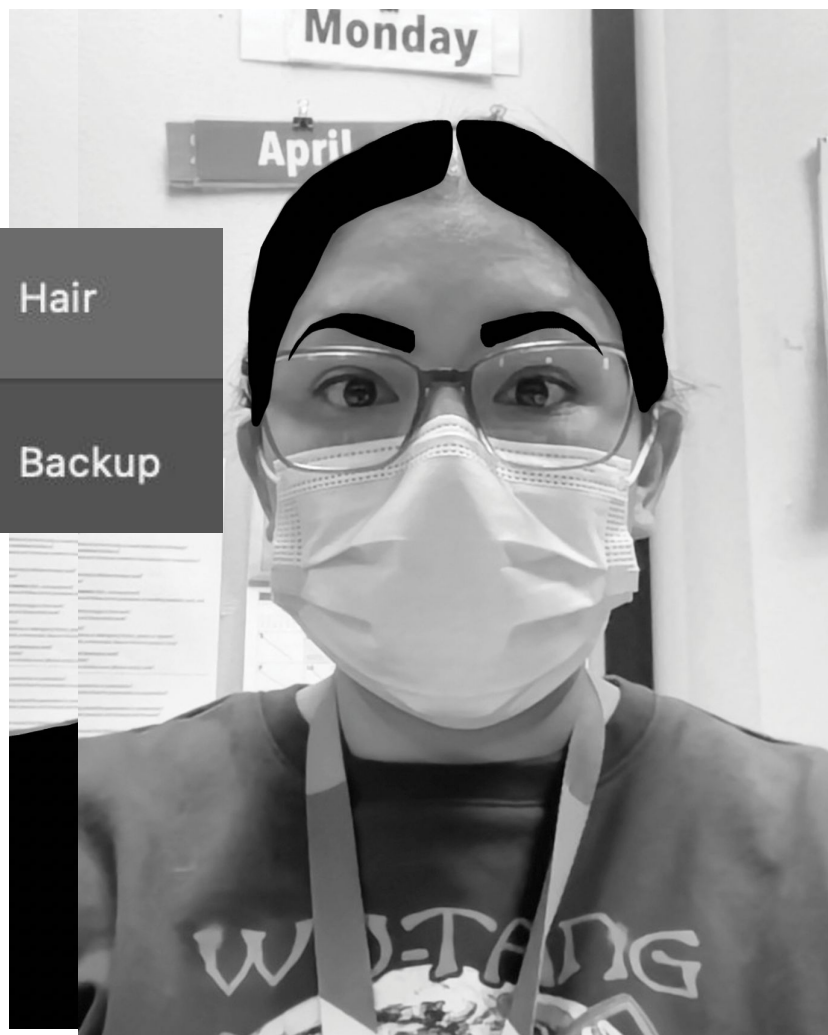

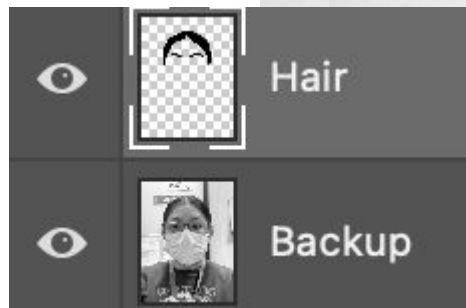

- ❑ Separate Textile Clip Mask for:
 - ❑ Face Levels
 - ❑ Hair
 - ❑ Clothing
 - ❑ Accessories
- ❑ Repainted:
 - ❑ Eye Anatomy
 - ❑ Exposed Facial Features
- ❑ Textile Pattern in Background
- ❑ Quilting Details: Appliqué or Stitching
- ❑ High Quality Craftsmanship

IWBAT apply textiles to my details by clip masking an image to each layer (clothing, hair, accessories etc.)
Yo podré aplicar textiles a mis detalles enmascarando una imagen en cada capa (ropa, cabello, accesorios, etc.)

Step 1: Paint Details

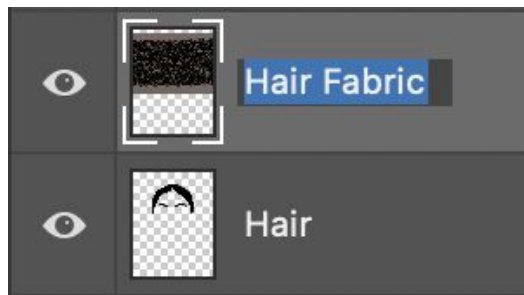

- Show Reference Photo 
- Create New Layer
(command + shift + N)
- Label/Select: Hair
- **Brush Tool** (B) trace over all your hair 
- Use **Eraser Tool** (E) as needed 

IWBAT apply textiles to my details by clip masking an image to each layer (clothing, hair, accessories etc.)
Yo podré aplicar textiles a mis detalles enmascarando una imagen en cada capa (ropa, cabello, accesorios, etc.)

Step 2: Insert Textile Image

- Find Textile Image on Google
- **Insert** and **Scale** (command + T) your textile to fill the space.
- **Rename** Textile (Hair Fabric)
Double-Click to rename file

IWBAT apply textiles to my details by clip masking an image to each layer (clothing, hair, accessories etc.)
Yo podré aplicar textiles a mis detalles enmascarando una imagen en cada capa (ropa, cabello, accesorios, etc.)

Step 3: Clip Mask

- Layer **Arrangement**:

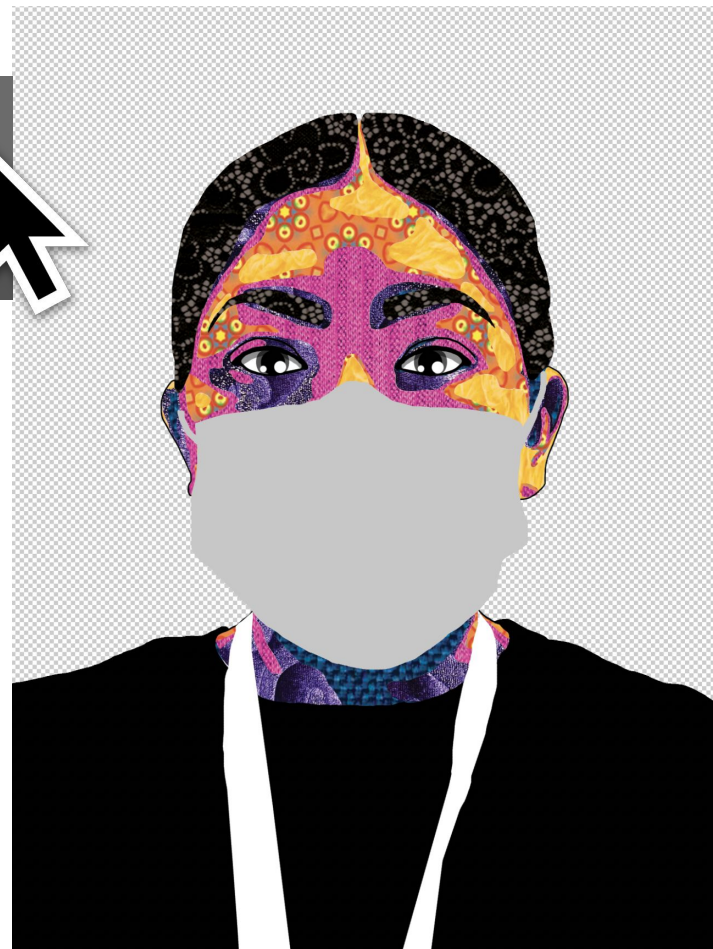

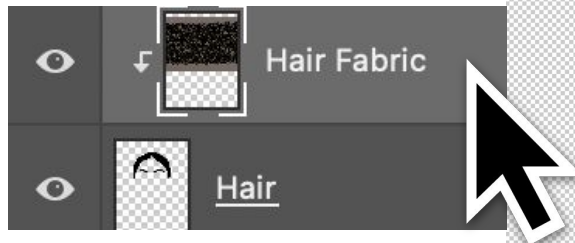

- Top: Textile Image
- Bottom: Painted Layer

- **Select** Fabric Layer

- **Clip Mask** (command + option + G)

- Repeat for all Textile Layers:

- Clothes
- Glasses
- Masks
- Lanyards
- Hats etc.

IWBAT apply textiles to my details by clip masking an image to each layer (clothing, hair, accessories etc.)
Yo podré aplicar textiles a mis detalles enmascarando una imagen en cada capa (ropa, cabello, accesorios, etc.)

Extension: Background

- Find Background Image on Google:
 - Cultural, Heritage, Flag Colors/Textiles
 - Place below other Layers
- **Appliqués:** ornamental needlework or patches of fabric are sewn on larger fabrics
 - <https://embroideryonline.com/>
 - Search/Add appliqué images to your clothing/background.
 - Remove background as necessary using **Magic Wand Tool (W)** or **Eraser Tool (E)**

IWBAT apply textiles to my details by clip masking an image to each layer (clothing, hair, accessories etc.)
Yo podré aplicar textiles a mis detalles enmascarando una imagen en cada capa (ropa, cabello, accesorios, etc.)

Submit Assignment:

Day 7: Clipping Mask (Details)

Save to Creative Cloud (cmd + S)

Submit a screenshot (cmd + shift + 3)

Add a Comment:

1. How did you meet today's objective?
(Tools, Techniques etc.)
2. What do you want to improve for next class?
