you remembered your
pencil for art class**

Listen carefully!

A painting of a sink with a faucet and a drain, set against a tiled wall. The painting is done in a textured, expressive style with visible brushstrokes. The faucet is a classic cross-handle design, and water is shown dripping from its spout. The sink basin is light blue, and the drain is a dark, circular opening. The wall behind the sink is made of large, brownish-tan tiles with dark grout. The overall composition is a close-up, focusing on the sink and the text overlay.
