

# Color Palette Food Painting

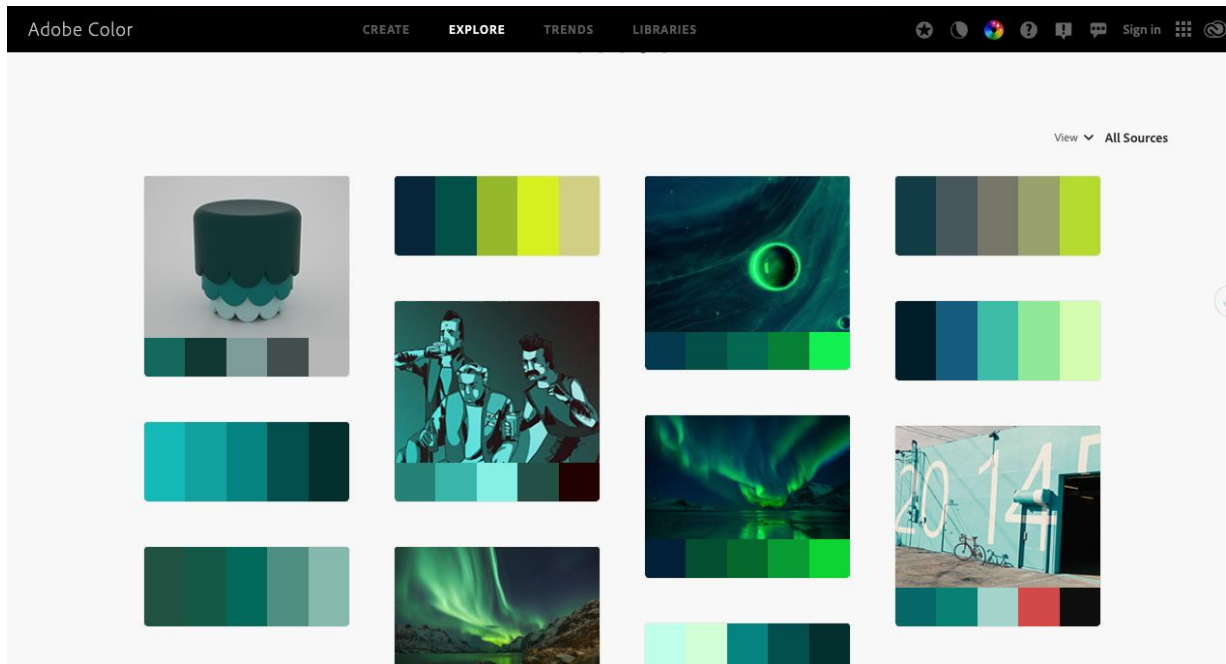

# Step 1: Pick your color palette

You will use 5 colors exclusively  
use for your painting. Download  
your palette as a JPEG OR take a  
screenshot

*Click on the image below to access Adobe Color!*

# Step 2: Food Reference Images

Search and include at least 5 realistic images of foods that you would like to illustrate and/or represent your culture.

# Step 3: Sketch out your five foods

Your final painting will include 2-4 food images, however practice sketching ALL five items.

# Step 4: Practice mixing paint colors!

You will develop "recipes"  
to match your color  
palettes.

# Step 5:

## Choose ONE color to paint your entire background

The color should NOT be white, but one of your colors that is on the lighter end of the spectrum.

Don't forget to tape your edges!

# Step 6: Sketch food items.

2-5 food items must be present. Composition should be balanced and items should fill the space of the paper.

DO: Draw big shapes

DON'T: Draw small details

# Step 7:

## Paint food items using flat color.

ONLY the colors from your  
chosen palette should be present.

DO: \*Paint the BIG shapes.

\*Paint EVERYthing that is  
one color at the same time.

\*Paint with smooth, bold color.

# Step 8: Add details with colored pencils.

Add small details like shading and pattern. Be sure your painting is completely DRY!
