Steampunk

Steampunk is a genre of **science fiction** set in a **historical context**. It features **steam-powered mechanics** with anachronistic technological features. The style of design and/or fashion pays homage to **vintage** fashion with a modern & sassy twist.

- Using Steampunk as your inspiration, you will create a sculpture as a visual response to this unit. Using various materials, you will need to create an amateur in order to decorate and embellish your piece.
- What will you create?

- Research your designs..... And put together 3 options.
- Will your sculpture be functional or decorative?
- Can your sculptural piece embody the spirit of Steampunk?
