

Making a Viewfinder

This is for a 3:4 ratio which will work for paper sizes:

- 6 x 8 in.
- 9 x 12 in.
- 12 x 16 in.
- 18 x 24 in.
- 30 x 40 in.
- 36 x 48 in.

Making a Viewfinder cont.

Instructions:

- Print on cardstock
- Cut all three viewfinders out.
- Using an exacto knife, cut the dotted lines to create the viewing window.
- Use a handheld hole punch and carefully punch out the gray circles.
- Use a thin twine or thread to thread through the punched holes.
- Apply tape to hold the tape.
