

Making a Viewfinder

This is for a 4:5 ratio which will work for paper sizes:

- 8 x 10 in
- 16 x 20 in
- 24 x 30 in

Making a Viewfinder cont.

Instructions:

- Print on cardstock
- Cut all three viewfinders out.
- Using an exacto knife, cut the dotted lines to create the viewing window.
- Use a handheld hole punch and carefully punch out the gray circles.
- Use a thin twine or thread to thread through the punched holes.
- Apply tape to hold the tape.
